

Legacy report alias

Use the dated validated report instead

This undated PDF file is only a convenience alias.

It is not the report trust anchor and should not be treated as a separately validated surface.

Do not quote ROI, rule hierarchy, paper-trade status, promotion readiness, live profitability, bankroll guidance, or real-money claims

Use the dated report and validator outputs for those statements.

Preferred HTML report: [Superfecta_Project_Report_2026-04-15.html](#)

Preferred PDF export: [Superfecta_Project_Report_2026-04-15.pdf](#)

This legacy alias exists to reduce broken links, not to carry its own independent report wording.

Open [Superfecta_Project_Report_2026-04-15.html](#) for the validated trust anchor.

Open [Superfecta_Project_Report_2026-04-15.pdf](#) for the dated derivative export.

Generated as a claim-free legacy alias. It is not settled ROI, live profitability, promotion readiness, bankroll guidance, or real-money evidence.
